How the metaphysical shapes the physical.

In this original and extraordinary work, Anatole expands the limits of the mind to explore the deeper mysteries and inner qualities of life. During more than 35 years of study, contemplation and meditation Anatole has distilled a unique perspective on how life manifests and evolves from esoteric and metaphysical principles. Through the words and music of Soft Diamond Light, Anatole provides a compelling look at the sublime human potential existing within each one of us as spiritual beings. The box set is more than just a book and music. It comes with a powerful angelic presence, invoked by the Soft Diamond Light image and music. The intention of this presence is to help raise the consciousness of everyone on this planet via the essence embedded in the images, words and music of Soft Diamond Light.
